	<p>1) Logon to Reflex Math. Do reflex for 15-20 minutes.</p> <p>2) Watch this video for a refresher on how to do order of operations.</p> <p>3) Solve: $7 \times 4 + 6 - 2 \times 5 = ?$ Keep your work next to your computer for tomorrow. We will be going over the steps and answer in our teams meeting tomorrow.</p>	<p>1) Logon to Reflex Math. Wellness/ Connectedness	Daily: Join for Team Meeting.				
	Send a picture of you dressed up for Star Wars Day!! Send a picture with your house team attached so you can get points for your team! (Please send this to me through our chats on Teams)	Flex-Make sure all your assignments on myblueprint are uploaded and complete. You should have a total of 17 activities completed.		Flex	Flex
Playful Possibilities		<u>Artworks Recreated:</u> Find a work of art that you like, or you find interesting. Recreate the artwork with household materials. 1) Explore the Getty Museum website for inspiration. 2) Browse the online Getty Museum Collection and search the keyword field for ideas (ex. "dog" "portrait" "flowers"). Find a picture of a work of art that you like or find interesting. 3) Recreate the artwork with household materials.		Mother's Day is on Sunday. Create a card or write a letter (or a combination of both) to any, and all, important women in your life <3	Go for a run, walk, bike ride, or jump around until you can't anymore!

		4) Take a picture of the original artwork and your recreated artwork. Submit it to the “positivity” channel on teams. Click reply on the already started thread to post you photos.
